

Solid Dose Specialty Beverage Cleaner Tablet

Removes stains with minimal scrubbing

Multi-use and effective

- For use with coffee and tea urns, brew baskets, espresso machines, portafilters, baskets, and steam wands

User-friendly design

- Tablets reduce risk of product spillage while handling compared to liquid products
- Requires no PPE
- Light blue color helps distinguish cleaner from coffee and tea
- Noncorrosive solution helps prevent damage to equipment over time

Supports waste reduction

- Concentrated solid tablets contribute to reduced plastic waste

DIRECTIONS FOR USE

For automatic espresso machines:

- Place tablet into brew group cleaning chute.
- Follow the manufacturer's cleaning instructions
Use in accordance with label instructions.

For coffee/tea urns and similar containers:

- Drop 1 tablet per gal in container and fill with hot water (110-120°F/ 43-49 °C).
- Allow to dissolve and soak at least 15 min. Scrub as necessary, then rinse urn/container.
- Follow with an appropriate sanitizer. Use in accordance with sanitizer label instructions.
- Wash hands after handling product.

The tablet's solid chemistry is formulated to save on packaging.

59.4%

reduction in primary packaging material¹

¹ Reduction in primary packaging material is an approximation assuming use of one case of product per month over 12 months, compared with the equivalent use of Monogram Clean Force comparable products, which is enabled by the smaller, lighter package size for solid tablets. Primary packaging materials includes immediate product packaging, but does not include corrugate case packaging.
