Peroxide Disinfectant and Glass Cleaner RTU Peroxide Multi Surface Cleaner and Disinfectant

For use as a daily, multi-surface cleaner/disinfectant, even for use in restrooms. Available in both ready-to-use form, no further dilution required, and concentrated form, featuring our EZ dilution control system for smarter cost management.

Notable Claims

Both products are effective against the following viruses and bacteria:

- Norovirus
- H1N1
- MRSA
- Staph
- Listeria
- Parvovirus

Directions for use

1. Pre-clean heavily soiled areas.
2. Apply to hard, nonporous surfaces.
3. Apply 6–8 inches from the surface, making sure to wet surfaces thoroughly.
4. All surfaces must remain wet for the required time indicated in the directions for use.
5. Wipe surfaces dry with a sponge, mop or cloth (or allow to air dry). Rinsing is not necessary on non-food contact surfaces. Not recommended for use on marble.
6. Do not use this product to clean or disinfect glassware, dishes or silverware.

Products Attributes and Benefits

- EPA-registered, peroxide-based disinfectant
- Simplifies the Cleaning Process – One product for multiple surfaces reduces the need to stock multiple products and streamlines the employee training process
- Improves Cleaning Results – Leaves a streak-free shine on glass, and cleans and disinfects glass and hard surfaces
- Increases Operational Efficiency – Requires only five minutes for disinfection and 45 seconds for to eliminate norovirus
- Serves Dual Functions – Degreaser and deodorizer helps to remove food stains, odor and more
- Enhances the User Experience – Pleasant and mild fragrance and exceptional cleaning performance improves worker satisfaction
- No PPE required for use
